November 2020

Happy Thanksgiving!

Thank You From a Scholarship Recipient

I want to say, first of all, thank you for this amazing gift which will support me to keep striving for my studies and pursuing my goals. This scholarship will help me to mainly focus on my studies and keep thriving academically.

I am a student driven by the will to reach more knowledge and to learn how the world works, that is why I am taking an Associate Degree in Science, to then, take a major in Electrical Engineering. I want to dedicate my career to know more about everything, research new things, and discover things, and be hungry for knowledge for the rest of my life. Being allowed to put my efforts into studying and learning more is just an amazing opportunity.

Once again, I want to thank you for the opportunity that you have given me, and I commit to making the best use of it towards my studies and my development towards becoming a better student and a better person.

Jose Agudelo
